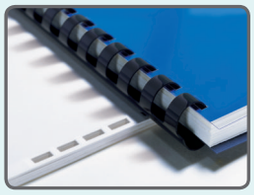
# Comb Binding Machines

## Which binding style?



**CombBind®**

**The traditional way to bind - 21 hole punch pattern allows you to select spines from unique GBC ProCombs, standard combs or unique Zip comb finish.**

- ProCombs are designed to use with QuickStep enabled binders - for optimal efficiency in binding
- Zipcombs - easily open and replace pages. Provides a professional, modern finish
- All comb styles are great for photocopying and page turning

**WireBind**

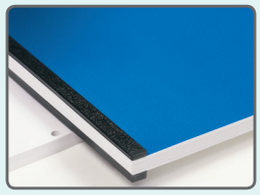
**The professional way to bind.**

- Durable, robust metal wire spines with either 34 or 21 loops (designed for use on Multifunctional binders)
- Providing a secure binding wire with 360 degree turning capability - perfect if photocopying is required
- Ideal for documents which require a secure, non-editable closure

**ClickBind™**

**The simple and editable way to bind.**

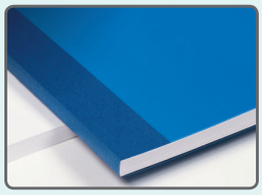
- Click provides a modern finish to any document with the added benefit of easy page addition or removal when required
- Maximum impression with minimal effort
- Click provides 360 degree turning and is ideal for photocopying



**ThermaBind™**

**The "Published Look" way to bind.**

- Pages are held in place with adhesive inside the spine of the covers
- Front and back covers are supplied as one item - unique for ThermaBind
- Flat stack multiple copies and ideal for mailing



**StripBind™**

**The most secure way to bind - great for legal or sensitive documents.**

- Strip bind is tamper proof with a highly professional finish
- The preferred binding style for legal and financial areas
- Flat stack multiple copies and ideal for mailing

## 1 CombBinder 25

# Sustained **Precision**

**SuperCut® professional rotary trimmers are designed for high volume usage. Safe and easy to use, they provide smooth, accurate trimming of paper, card, laminating pouches and plastic film. The 4 largest sizes come with a FREE heavy duty stand and trimmings catcher – a favourite with teachers, as people can no longer walk off with their trimmer – or make a mess!**

- Durable metallic silver finish
- Long-life self-sharpening blade cuts both ways
- Blade fully enclosed for safe use
- Automatic clamp holds items to be cut firmly in position
- Adjustable back stop for accurate alignment
- Printed base with calibrated paper size guides and gridlines
- Cutting capacity is clearly printed on each trimmer to prevent operator misuse
- Soft touch handgrips for easy carrying
